Subacute Rehab

Our dedicated subacute units are a serene oasis of care featuring lovely private and semi-private suites, a multitude of amenities, and a bright and spacious well-equipped rehab gym that includes a model apartment with an actual kitchen and bath.

Physical, occupational and speech therapies are offered up to 7 days a week to help patients regain their highest level of functioning.

We specialize in treating:

Falls & Fractures / Joint Replacement / Spinal Surgeries
Post-Op Recovery / Cardiac Conditions / Stroke

A Nurturing & Supportive Setting

"Small neighborhoods" throughout our center foster a sense of coziness, security and enhanced quality of life. Whether you reside in the Catskills, Esopus or Foxhall - the common thread running through our halls is an unsurpassed level of attentive and individualized care that nourishes the body and spirit.

A Comprehensive Suite of Clinical Care

Our full-time, in-house Medical Director assures our residents of the highest caliber of clinical care. To best treat our residents in place and keep re-hospitalizations to a minimum, our professional team includes an additional in-house physician and 3 nurse practitioners.

Intergenerational Program

Our on-site daycare allows our staff the peace of mind that their children are well taken care of. The children love spending time with the residents during our various intergenerational activities and programs.
